Objective:

Seeking a job opportunity as a software engineer. I want to bring my experience solving technical problems and working with others to make an impact.

Technical Toolbox:

Front End Skills: React.js, JavaScript, HTML, and CSS .

Back End Skills: Express.js, Node.js, MySQL, and MongoDB.

Projects:

Travel Pins [Deployed](#) | [GitHub](#) | [Demo](#)

- Led a team of three developers, organized a workflow, and guided stand-up meetings to create a full stack social media application.
- Created a customizable map for users to track the countries they have visited, using a Mapbox API by adding layers through an onClick function.

Connected Politics [Deployed](#) | [GitHub](#) | [Demo](#)

- Used the jQuery Ajax function via APIs from ProPublica to dynamically display upcoming bills and keep users informed about legislative news.
- Integrated Twitter developer tools to allow users to tweet about upcoming bills, auto-populating the tweet with the URL of the relevant bill.

Employment Buddy [Deployed](#) | [GitHub](#) | [Demo](#)

- Designed a mobile-responsive web app through CSS framework Bulma.
- Used Javascript to create a responsive login and signout page.

Coding David (Youtube Channel) [YouTube](#) | [Data Structures & Algorithms](#) | [HTML5](#) | [CSS3](#)

- Created 60+ video tutorials on how to solve complex algorithm problems, covering topics such as data structures, recursion, sorting, time complexity, and space complexity.
- Demoed 3 web applications to guide users on how to use the app and understand the code.

Work Experience:

Learning Assistant, Trilogy (*May 2021 - Current*)

- Provided learning support for coding bootcamp students to learn web development fundamentals.
- Troubleshoot and debug code for student projects.

Promoter, Wynn Las Vegas (*June 2018 - March 2020*)

Ecommerce Graphic T-shirt Business Owner, Self-Employed (*July 2016 - June 2018*)

Securities Compliance Accountant II, DAC Bond (*June 2015 - July 2016*)

Education:

University of California, Berkeley MERN Full Stack Coding Bootcamp (*2020*)

University of Florida Master in International Business (*2015*)

University of Florida Bachelor of Science in Finance (*2014*)
